## Introduction

The McKinney-Vento Homeless Education Assistance Improvements Act, signed into law on July 22, 1987 and reauthorized in December 2016, provides comprehensive federal emergency and long-term assistance for homeless persons. Title X, Subtitle C of the Every Student Succeeds Act, Education of Homeless Children and Youth, establishes the provisions to assure that homeless children and youth have access to a free appropriate public education, including a public preschool education that would be provided to children of the residents of the state and are consistent with state school attendance laws. It further provides that residency requirements as a component of compulsory school attendance laws, regulations, practices or procedures, be reviewed and steps undertaken to assure these laws do not prohibit children and youths from school attendance. Homelessness alone is not sufficient reason to separate students from the mainstream of the school environment. Homeless children and youths should have access to the education and other services that such children and youths need to ensure that such children and youths have an opportunity to meet the same challenging state student academic achievement standards to which all students are held.

The Colbert County Schools Plan for the Education of Homeless Children and Youth is based on the guidelines established by the State Department of Education as outlined in the Alabama Plan for the Education of Homeless Children and Youth. This plan is designed to ensure that all services are administered in compliance with The Act and the State Plan.

The enrollment of homeless children shall not be denied or delayed due to any of the following barriers:

- Lack of birth certificate
- Lack of school records or transcripts
- Lack of immunization or health records
- Lack of proof of residency
- Lack of transportation
- Guardianship or custody requirements

A temporary social security number can be obtained by contacting the Colbert County Board of Education office. Homeless students have the right to enroll in school immediately, even if they do not have the required documents. Assistance will be provided to help parents obtain these necessary documents.

EDUCATION OF HOMELESS CHILDREN AND YOUTH**

**I. Goal of the System Plan**

2. Have a primary nighttime residence that is:

  - b. children and youths who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of Section 103(a)(2)(C);
  - c. children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

1. Colbert County School System shall collect data as requested By the State Office of Homeless Children and Youth. The data will be inclusive of elements such as the nature and extent of problems of access to public schools, educational programs and services, and difficulties identifying the special needs of homeless children and youths.

2. In collecting these data, the Department of Education shall utilize local agencies and civic and community organizations those are most likely to have knowledge of homeless children and youths.

Services provided to homeless children and youth will be comparable to those offered to other students in the school, including educational services for which the child or youth meets the eligibility criteria. Educational services will include, but will not be limited to, programs for the disadvantaged, programs for the handicapped, programs for students with limited-English proficiency, programs in career/technical education, and programs for the academically gifted, Title I program, and school meal programs.
2. Each Colbert County School will form a team to determine the needs of each individual homeless child and youth and to recommend services and education programs appropriate to meet the identified needs.
3. The team shall be composed of the principal or designees, the counselor (where applicable), grade appropriate, and Title I or special education teachers as appropriate.
4. Parents or guardians and the students shall be given the opportunity to participate in the decision-making process regarding education planning for the homeless student.

#### F. Compliance

Colbert County School System will comply with the requirements of the Alabama Plan for the Education for Homeless Children and Youth.

#### G. Assessment

Homeless students will participate in state assessments as all other students. Assessments of homeless students are to be included in school district accountability when students have been enrolled in a school for a full academic year. However, school districts are not required to disaggregate the assessment results of homeless students.

#### H. Services Provided to Homeless

Colbert County School System will provide services to every homeless child or youth that are comparable to services offered to other students in the school. Colbert County School System will set aside a certain percentage of Title I, Part A funds to help provide services to identified homeless students. Each year the Homeless Liaison will apply for grant funds through a competitive process with the Alabama State Department of Education. Such services include, but are not limited to, tutoring, cost of field trips, class t-shirts, classroom supplies, clothing, transportation, eye glasses, dental work, etc. Each school maintains a list of homeless students for their school. A verbal or written request for services is made to the Homeless Liaison. All strategies used will be focused on supporting student's development and resilience by fostering their personal strengths while minimizing feelings of 'otherness' compare to fellow classmates.
