If local school administrators cannot solve the problem, a letter should be written to the Superintendent requesting a meeting with the Board. The letter should identify the person, the nature of the problem, and the name of the delegations spokesperson.

Public notice shall be given of this meeting.

2.24 EXECUTIVE SESSION

Definitions. That portion of a meeting of the Board from which the public is excluded for one or more of the reasons prescribed by law, set forth herein below.

The Board may hold executive sessions at any and all Board meetings. Executive sessions of the Board are closed meetings and may be attended only by members of the Board, the superintendent (or his designee), the Board's attorney, and persons designated by the Board.

- I. Executive sessions may be held by the Board only for the following purposes:
 - A. To discuss the general reputation and character, physical condition, professional competence or mental health of individuals, or to discuss the job performance of certain public employees. However, discussions of the job performance of specific public officials or specific public employees may not be discussed in executive session if the person is an elected or appointed public official, an appointed member of a state or local board or commission, or a public employee who is required to file a Statement of Economic Interests with the Alabama Ethics Commission pursuant to Section 36-25-14,

Code of Alabama, 1975, as amended 1975. The salary, compensation, and job benefits of specific public officials or specific public employees may not be discussed in executive session.

- B. When expressly allowed by federal law or state law, to consider the discipline or dismissal of, or to hear formal written complaints or charges brought against a public employee, a student, or an individual, corporation, partnership, or other legal entity subject to the regulation of the Board.
- C. To discuss with their attorney the legal ramifications of and legal options for pending litigation, controversies not yet being litigated but imminently likely to be litigated or imminently likely to be litigated if the Board pursues a proposed course of action or to meet or confer with a mediator or arbitrator with respect to any litigation or decision concerning matters within the jurisdiction of the Board involving another party, group, or body. Prior to voting to convene an executive session under this exception, the Board shall receive a written opinion or oral declaration reflected in the minutes from an attorney licensed to practice law in Alabama that this exception is applicable to the planned discussion. Notwithstanding the foregoing, if any deliberation begins among the members of the Board regarding what action to take relating to pending or threatened litigation based upon the advice of counsel the executive session shall be concluded and the deliberation shall be conducted in the open portion of the meeting or the deliberation shall cease.
- D. To discuss security plans, procedures, assessments, measures, or systems, or the security or safety of persons, structures, facilities, or other infrastructures, including, without limitation, information concerning critical infrastructure, as defined by federal law, and critical energy infrastructure information, as defined by federal law, the public disclosures of which could reasonably be expected to be detrimental to public safety or welfare. Provided, however, that when the discussion involves critical infrastructure or critical energy infrastructure information, the owners and operators of such infrastructure shall be given notice and an opportunity to attend the session.
- E. To discuss information that would disclose the identity of an undercover law enforcement agent or informer or to discuss the criminal investigation of a person who is not a public official in which allegations or charges of specific criminal misconduct have been made or to discuss whether or not to file a criminal complaint. Provided, however, that prior to such discussions a law enforcement officer with authority to make an arrest or a district or assistant district attorney or the attorney general or assistant Attorney General shall advise the Board in writing or by oral declaration entered into the minutes that the discussions would imperil effective law enforcement if disclosed outside of an executive session.
- F. To discuss the consideration the Board is willing to offer or accept when considering the purchase, sale, exchange, lease, or market value of real property. Provided, however, that the material terms of any contract to purchase, exchange, or lease real property shall be disclosed in the public portion of a meeting prior to the execution of the contract. If an executive session is utilized pursuant to this exception in addition to the members of the Board, only persons representing the interests of the Board in the transaction may be

present during the executive session. This real property discussion exception shall not apply if:

1. Any member of the Board involved in the transaction has a personal interest in the transaction and attends or participates in the executive session concerning the real property.
 2. A condemnation action has been filed to acquire the real property involved in the discussion.
- G. To discuss preliminary negotiations involving matters of trade or commerce in which the Board is in competition with private individuals or entities or other governmental bodies in Alabama or in other states or foreign nations or to discuss matters or information of the character defined or described in the Alabama Trade Secrets Act. Provided, however, that prior to such discussions a person involved in the recruitment or retention effort or who has personal knowledge that the discussion will involve matter or information of the character defined or described in the Alabama Trade Secrets Act advises the Board in writing or by oral declaration entered into the minutes that the discussions would have a detrimental effect upon the competitive position of a party to the negotiations or upon the location, retention, expansion, or upgrading of a public employee or business entity in the area served by the Board if disclosed outside of an executive session, or would disclose information protected by the Alabama Trade Secrets Act.
- H. To deliberate and discuss evidence or testimony presented during a public or contested case hearing and vote upon the outcome of the proceeding or hearing, if the Board is acting in the capacity of a quasi-judicial body, and either votes upon its decision in an open meeting or issues a written decision which may be appealed to a hearing officer, an administrative board, court, or other body which has the authority to conduct a hearing or appeal of the matter which is open to the public.
- II. The Board desiring to convene an executive session, other than to conduct a quasi-judicial or contested case hearing, shall utilize the following procedure:
- A. A quorum of the Board must first convene a meeting as defined below.
 - B. A majority of the members of the Board present must adopt, by recorded vote, a motion calling for the executive session and setting out the purpose of the executive session. If an oral or written declaration before the executive session can begin is required, such oral or written declaration shall be made, prior to the vote.
 - C. The vote of each member shall be recorded in the minutes.
 - D. Prior to calling the executive session to order, the presiding officer shall state whether the Board will reconvene after the executive session and, if so, the approximate time the Board expects to reconvene.

The term “meeting” shall only apply to the following:

1. The prearranged gathering of a quorum of the Board, a quorum of a committee or a quorum of a subcommittee of the Board at a time and place which is set by law or operation of law.

2.32 CODE OF ETHICS FOR SCHOOL BOARD MEMBERS

As a member of the Board representing all the citizens of my School District, I recognize

1. That my fellow citizens have entrusted me with the educational development of the children and youth of this community.
2. That the public expects my first and greatest concern to be in the best interest of each and every one of these young people without distinction as to who they are or what their background may be.
3. That the future welfare of this community, of this State, and of the Nation depends in the largest measure upon the quality of education we provide in the public school to fit the needs of every learner.
4. That my fellow Board members and I must take the initiative in helping all the people of this community to have all the facts all the time about their schools, to the end that they will readily provide the finest possible school program, school staff, and school facilities.
5. That legally the authority of the Board is derived from the State which ultimately controls the organization and operation of the School District and which determines the degree of discretionary power left with the Board and the people of this community for the exercise of local autonomy.
6. That I must never neglect my personal obligation to the community and my legal obligation to the State, nor surrender these responsibilities to any other person, group, or organization; but that, beyond these, I have a moral and civic obligation to the Nation which can remain strong and free only so long as public schools in the United States of America are kept free and strong.

In view of the foregoing consideration, it shall be my constant endeavor

1. To devote time, thought, and study to the duties and responsibilities of a school board member so that I may render effective and creditable service.
2. To work with my fellow board members in a spirit of harmony and cooperation in spite of differences of opinion that arise during vigorous debate of points at issue.

3. To base my individual decision upon all available facts in each situation; to vote my honest conviction in every case, unswayed by partisan bias of any kind; thereafter, to abide by and uphold the final majority decision of the Board.
4. To remember at all times that as an individual I have no legal authority outside the meeting of the Board, and to conduct my relationships with the school staff, the local citizenry, and all media on the basis of this fact.
5. To resist every temptation and outside pressure to use my position as a school board member to benefit either myself or any other individual or agency apart from the total interest of the School District.
6. To recognize that it is as important for the Board to understand and evaluate the educational program of the schools as it is to plan for the business of school operation.
7. To bear in mind under all circumstances that the primary function of the Board is to establish the policies by which the school are to be administered, but that the administration of the educational program and the conduct of school business shall be left to the Superintendent and the professional and non-professional staff.
8. To welcome and encourage active cooperation by citizens, organizations, and the media in the District with respect to establishing policy on current school operation and proposed future developments.
9. Finally, to strive step by step toward ideal conditions for most effective school board service to my community, in a spirit of teamwork and devotion to public education as the greatest instrument for the preservation and perpetuation of our representative democracy.

2.34 CONFLICT OF INTEREST – Part 200 Uniform Guidance for Federal Programs

Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but is not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have direct and predictable effects on his or her financial interests.

A board member, board employee, or agent of the board will abide by the Federal and state laws and regulations that address conflict of interest standards. In general, the Federal rules provide that:

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by Federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontracts.

The board's conflict of interest policies include adherence to the Alabama Ethics Law, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is:

1. giving preferential treatment;
2. losing independence and impartiality;

3. making decisions outside official and appropriate channels; or
4. harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest, should be brought to the immediate attention of the superintendent. A board employee, board member, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the superintendent. The superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measure may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.
